Subject: Bridge Street Bridge Force Majeure
Attachments: 20130905 RM 10-9 Force Majeure Ltr to EPA.pdf

Stephanie. Ray and Mike:

Attached is a letter documenting the Force Majeure condition that exists due to the mechanical failure of the Bridge Street Bridge on August 31 and Hudson and Essex Counties' (owner/operator) decision to close and not re-open the bridge. This letter is submitted pursuant to paragraph 52 of the RM 10.9 Removal Action AOC and follows up the CPG's communications to EPA's oversight contractor on August 31 and the CPG's September 1 email to the EPA.

Please contact Bill Hyatt, Bill Potter or me with any questions.
